

# Field Ulcer Trial

## Dr. Ken Reed, DVM Conducts Field Trial at Churchill Downs, KY

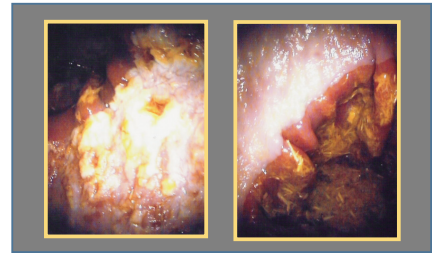

Dr. Ken Reed, DVM conducted a field trial on EGUS (Equine Gastric Ulcer Syndrome) in racehorses in training at Churchill Downs, KY before and after 42 days on palaMOUNTAINS® MyBeau PRO. Each horse was gastroscoped and those found to have EGUS were dosed orally with 80 cc palaMOUNTAINS® MyBeau PRO daily. After 42 days each horse was gastroscoped again. Results are shown below.

**Dr. Reed found the results to be very promising in severe cases of Equine Gastric Ulcer Syndrome.**

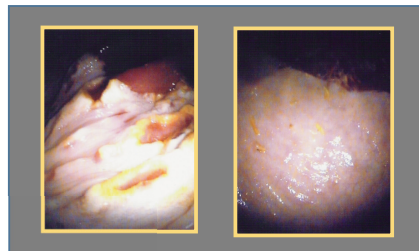

**Trial 1** Before: Grade 2  
After: Grade 0

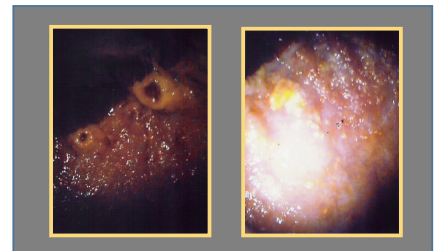

**Trial 2** Before: Grade 3  
After: Grade 0

**Trial 3** Before: Grade 3.5  
After: Grade 1

**Trial 4** Before: Grade 2  
After: Grade 1
